ed until next meeting.
Moved by Mr. Low seconded by Mr. Barry,

ill-health.

TO SUBSCRIBERS.
The proprietors of the MAIL desire to state that they have made arrangements with the publishers of the New West Farmer to club that journal and the Weekly Mail for the new price of \$2.50 in advance per year. This is an offer which no doubt farmers will appreciate as it gives them the best agricultural paper in the country as well as the best weekly in Western Manitoba, at a subscription very little in advance of that of one of them.

The Brandon Daily Mail.
MONDAY, APRIL 21, 1893.
BRANDON BUDGET.

The Brandon Ministerial Troupe are having to weekly rehearsals for the concert to be given by them at a future date.

The first Street bridge was crowded at intervals during last afternoon by parties witnessing the unloading of the ice.

A flock of geese, numbering seventeen, were seen flying overhead yesterday afternoon. They came from the south-east and were going towards the north.

The ice on the river is gradually breaking up, and bears evidence of speedily attaining a position where it may be said to have "gone from our gate."

Mr. William McKinnon, formerly of Montreal, is the latest addition to the staff of works in the department of Messrs. Bower, Jackson, Munroe & Porter's establishment.

Mr. Thomas McDemott, one of the most successful of Winnipeg auctioneers during the boom, and who has since gone into the stock business, arrived in town with a splendid lot of cattle on Saturday.

Dr. DORRANCE, a graduate of the McGill University, Montreal, intends practicing in Brandon. He comes well recommended, and those of the public who are sick or ailing, will find in him a good adviser.

Rev. Mr. BISHOPMAN preached his farewell sermon in the Methodist Church last evening. The text, gentlemen, chose for his text the words "Who shall roll away the stone," and preached an elaborate sermon.

FARMERS & Co., who have opened business on Pacific Avenue, report a rushing business. They bought a large amount of stock on Saturday for nearly the whole of which they have already orders.

Practical fairs attended the city yesterday. There were called by neighboring farmers, who took this method of facilitating the spring operations. As the shades of evening fell the circle of lamps presented an aspect of singular beauty and grandeur.

Mr. Wm. Wilson, of Almonte, well known as a prize medalist of the art typographical, and formerly connected with the Ottawa Citizen, arrived in town on Saturday, and intends to become a resident. He will carry on farming operations a few miles from the city.

The residents of 12th st. complain that the officers of the corporation in that vicinity are weak and small to heaven. The carcasses of two dead turkeys have been dumped there and their presence is daily becoming more painfully evident to the olfactory nerves of the residents of that district.

A meeting of the Brandon Branch of the British and Foreign Bible Society was held Friday evening at the residence of Mr. Lockhart. It was decided to order 500 books in the several native languages. A regular quarterly meeting will be held in the last Monday of this month and it was decided to hold regular quarterly meetings hereafter.

Mr. T. MAYNE DAILY returned from Winnipeg on Saturday afternoon, having been successful in the object of his mission, which was to obtain the consent of Mrs. Jarley to come to Brandon, with her charming selection of wax figures now on exhibition in Winnipeg.

Mrs. Jarley is at present the guest of Hon. Governor Atkins, and on Thursday was reception day at Government House and her engagements are numerous, the good lady was unable to see Mr. Daily till Friday afternoon. Her account of the interview is interesting in its details and most satisfactory. He was surprised to find one who has lived such a bustling life, and one who, for so many years has been an untiring worker and energetic manager, showing such slight tokens of time upon her person, of temper, conversational volubility and cheerful comeliness. Entertaining people always appreciate, and are interested in whatever is progressive and active and Mrs. Jarley is no exception to the rule. She manifested the liveliest interest in Mr. Daily's accounts of Brandon's marvellous progress and expressed quite an impatience to see the place. When asked if she would accompany the exhibition herself, she replied that Brandon was the point of all others in America, she wished to see, and that in England at present, this city is mentioned about as much as New York or Chicago. She will appear in the same costume and exhibit the same "recherché" selection of figures as upon the occasion of her last visit to Sandringham, when H. R. H. the Princess of Wales ordered a private entertainment on the evening of the royal prince's return from their five years' absence.

OBJECTIONABLE.
DEAR SIR:—I want to know if there is a by-law in the city prohibiting the carcasses of animals being left about within the city limits, if there is such a by-law it would be well for those having its keeping in their hands to pay a visit to 19th street, where they will see the carcasses of two horses, which are left there to the annoyance of the inhabitants of that section, and I think that the person who left them there should be brought before the police magistrate and made to contribute to the funds of the city. Truly yours,
T. J. K. & Co.

The Reported "Exodus" a Farce.

Statement by a Border Immigration Agent.

An Emerson paper gives the following account of an interview with Mr. J. E. Tetz, Dominion Government Agent.

Em.—Are you aware that it is stated by American papers, and by some Canadian journals too, that numbers of French-Canadians who left the Eastern Provinces for the Northwest have settled in Dakota and Minnesota?

Mr. Tetz.—I am aware of the statement and I am positive that such is not the case. There was a party of French-Canadians from the Eastern States who came through with the Rev. Father Mallo, who resided at Turtle Mountain, D. T., for over a year and a half, and who had organized the same in the East. They happened to come through at the same time that another party of French-Canadians came through from Quebec and the Eastern States. The two parties, naturally enough, commingled at Montreal, and proceeded to Manitoba in company on the same train. Father Mallo's left at Brandon as the shortest way over the prairie to their destination in Turtle Mountain, Dakota, whereas the other Frenchmen at St. Boniface, Brandon and other Manitoba towns. I am in a position to state that not only did none of the party intended for Manitoba "secede" to the U. S., but "en contraire" several members of Father Mallo's party left St. Boniface and settled in Manitoba.

All the facts not being known to outsiders, some persons even took the trouble to telegraph the Department at Ottawa of such "an exodus," which seemed very odd until the light of fact was turned upon it.

Em.—Is there at the present time any "exodus" from this Province to the States?

Mr. Tetz.—None whatever.

WAGER \$500.00
To Whom it May Concern.

During the third storm in August, 1892, the County of Middlesex, Ont., alone suffered to the extent of \$50,000 to \$55,000 in the destruction of dwellings, barns and out-buildings. Not one of the structures consumed was furnished with rods from the Globe Lightning Rod Company of London, although there are thousands and thousands of feet of rods erected upon the farm houses and barns in Middlesex Co., and over 10,000 being erected within the city limits alone during the past two years, the statements of a few witnesses to the contrary notwithstanding. The Globe Company, in order to show their confidence in the goods manufactured and sold by them, are prepared to place the sum of \$500.00 in the hands of His Worship the Mayor (or any other responsible citizen in London) against a similar amount of deposited by any person or persons who can prove that a building provided with suitable rods from the Globe Company has been struck during either of the recent at with suitable rods from the Globe Company.
